

FLEXCEL

Benefits made simple **lite**

Employee benefits play an important role in attracting, retaining and motivating your employees.

However, we also recognise that sometimes budgets simply won't stretch to a full benefits platform, which is why we have developed Flexcel lite.

Flexcel lite is a simple, very user-friendly digital platform that helps everyone from small medium enterprises (SMEs) to mid-size corporations to motivate and engage their teams in the exciting benefits they offer.

It also gives you, and your employees, instant access to a great range of benefits that are immediately available once you sign-up to the platform.

Accessing Flexcel lite could not be easier; so, if you want to select a new benefit whilst on the go or, from the comfort of your own home, it's available 24/7 on any device.

Benefits help you stand out from the crowd and create a positive culture where your staff feel valued, well supported and motivated to deliver great results – so it's worth spending time getting them right, even if you want to take small steps to start with.

What's included?

Straightforward platform set-up. No time consuming configuration.

Display the benefits you may already have e.g. pension scheme, life assurance etc.

A fantastic range of ready to go benefits to get you started. We are adding new ones all the time!

An Employee Assistance Programme – including up to six counselling sessions.

Access to MyMindPal™ an app designed specifically to help your employees with their mental wellbeing and create a mentally fit workforce.

An online shopping portal helping employees save money on everyday purchases.

Visit our website for more information about the platform and the range of benefits to choose from.

Simplify all the administration

Managing the system could not be easier. From adding new joiners to removing leavers, all of which takes just a few minutes. It's never been simpler to implement great employee benefits.

What does it cost?

The cost will depend on the number of employees that you have. A breakdown of our pricing can be found on our website. At some point you may like to do more with the platform because it's working so well. If this happens we would love to show you how Flexcel can help with the next stage of the journey. If you want to speak to one of the team who can talk you through the options, please visit our website and provide us with some information and we will be in touch shortly.

Sign-up and help your employees to start saving!
